Re: Open Records Request ORR 23-306

Dear Ray Carter:

The University of Oklahoma is in receipt of your request, seeking the following information:

Please provide the amount paid to Oddly for the appearance and any associated contract.

Also, please provide the total amount of university funding used to support the event, either directly or indirectly.

There are no responsive records for your request as there is no executed contract currently. For transparency, the Yvie Oddly contract is pending execution in the amount of \$18,000.00, the facility rental fee is \$12,500.00, and incidental costs are \$1,500.00. Funds utilized for this event are from the distributed Student Activity Fees, voted on and approved by the Campus Activities Council Speakers Bureau, a student group, along with sponsorships and ticket sales. Less than 0.2% of the student-managed Student Activity Fee budget is spent on supporting this event. No state appropriations or student tuition were used to support this event.

Sincerely,

Ferris J. Barger
Director
Open Records Office
